Brian M. Smith, Founder and President, uses the Explorer to enhance his low vision.

MAGNISIGHT Inc.
Quality CCTV's from and for the Visually Impaired

EXPLORER®

Custom Focus

The Explorer Custom Focus is our most popular product featuring automatic focus ability *and* manual focus override! There are no knobs to turn or buttons to push in the auto focus mode. Just put whatever you want to see under the camera and watch your image automatically come into clear focus. Also, the Explorer Custom Focus can be focused *manually* for those unique situations. Expect MORE with MagniSight!

Benefits

Because the system automatically focuses the image for you, the Explorer Custom Focus is easier to use. It's an ideal option to help you:

- **Read** newspapers, letters, and prescriptions
- **Write** checks, bills, and correspondence
- **View** photos, maps, or craft projects

Guarantee

MagniSight offers a 30-day money back guarantee. Call today for risk-free solutions! 3-year limited manufacturer warranty.

Features

With attractive, ergonomic design and maximum versatility, Explorer Custom Focus is the clear choice for your CCTV needs.

- Hands-free auto focus capability for crisp, clear images instantly.
- Easy-to-use manual focus override for unique focusing needs.
- Freeze mode allows you to capture and enhance what is being viewed in a still-frame mode.
- Magnification from 3x to 50x depending on monitor size.
- Variable brightness control for individual contrast needs.
- Separate camera/monitor design allows for inline or side-by-side viewing.
- Full Color or Black & White camera models.
- Optional: Select-A-Color, Line Marking/Windowing and PC compatibility.

Why MagniSight?

We see through visually impaired eyes. Brian Smith, Founder and President of MagniSight, has had a juvenile form of Macular Degeneration (Stargardt's) since childhood. He knows first hand what kind of products and designs truly assist the visually impaired in becoming more independent. That's why you can be sure that more than technology goes into every product we ship!
